

*“As cold water to a weary soul, so is a good news from a far country”  
Proverbs 25:25*

# WITH GOD ALL THINGS ARE POSSIBLE

**Their little faces say it all! They have been blessed by your generosity. TALOF USA partners gifted the children with a school bus. The children ran and shouted with joy, as they touched the van some were saying “is this Real”? As they repeated it over and over, looking up to Heaven with tears of joy in their eyes. As the kids shouted you could hear them say “thank you God!, Bless them! They made it happen for us! God Bless them.”**

Irene is a very bright girl and a very good student. She is not able to walk, so we have blessed her with a wheelchair.

At the school, we train them to acquire skills like: tailoring, baking, and agriculture, to help them in the future.

Due to wear and tear, we purchase the kids new shoes every 3 months.

They feel blessed with their new shoes.

Daniel is one of our students who lives with his grandmother, and has a physical impediment with his legs. We found him sitting in the bushes with no hope. Now, that he has been attending our school, he has found the love and joy of the Lord. He is a great student and loves to learn the Bible. During his vacation, he said: "I made bricks so I can buy food to share with my grandma and save money for my pencils."

Life of Daniella has been changed. She is filled with joy and she is a bright student! She loves Bible classes!

## Operation Feed The Hungry Project is still going on!

The elderly are being left out by their relatives and cannot get food themselves. We are there for them, by spreading our love, praying, and reading God's word. They got saved and love Jesus! We are supporting them by giving them food, medication, and anything they would need. God said in his Word; "because of your giving and support, you will receive the same "Well Done" as those who go into the battle doing his work! Amen!"

"He who has a generous eye will be blessed, for he gives of his bread to the poor" Proverb 22:9

*The children and I send you love with a grateful heart! You are such a blessing to us and I want to express my heartfelt appreciation for your continued prayers and financial support for Taking a Leap of Faith (TALOF) Ministries. You're making a huge difference in the lives of the people and children in the village in Uganda and at Heritage of Faith School. They pray for you as we do! In our hearts we believe God for the impossible because that is what faith is all about! With love and hugs.*
