VISION 4 LIFE

With your Support we changed their lives.

Thank you Partners for your faithful support. We were able to bless these two children with the gift of sight with your heartfelt compassion towards those in need. May God bless you abundantly and crown your life with His favor and protection.

With Love,

Louder & Staff

"The eye is the lamp of the body". (Matthew 6:22).

THANK YOU FROM KATEND JANAT

Janat's life has forever been changed. With the gift of sight. As her visual impairment was deteriorating this year it not only affected her schoolwork but her self esteem. We were able to bless her with surgery to correct her vision. The optometrist, performed the surgery and replaced the Pseudophakia (Lens). The surgery went well and she is now able to see. We also provided her glasses to assist in strengthening her eyes.

A word from Janat: God bless you! Thank you for loving us from afar. May God bless you as he blessed me.

THANK YOU FROM INNOCENT LULE

Innocent is a changed young man who feel blessed that he can now help his grandmother. Since his surgery his grades have improved and he is more outspoken. The optometrist performed the surgery and replaced the Pseudophakia (Lens) in both of his eyes. After the surgery Innocent had to do eye patching with the use of his new glasses he has been able to see clearly again.

A word from Innocent: My life has changed. I can now do well in school and help my grandmother. Thank you and God Bless you for my vision.
