

# THE GREATEST GIFT

## JOY AND SALVATION THIS SEASON

*My dear Partners,*

*Thank you very much for your prayers, your notes of encouragement, and your financial support!*

*I pray that the Lord Himself will reward you abundantly and bless you greatly. God's Word says very clearly that when we obey Him and serve Him, His rewards are eternal.*

*I just want to thank you with all our hearts for bringing such joy and hope to the children, the orphans, and the widows. Ritah, the USA staff, and I are so thankful to God for giving us all of you to run this race with us. We are always praying for you and treasure you in our hearts!*

*With gratitude,*

*Louise*

*Proverbs 22:9 "Happy is the generous man, the one who feeds the poor"*

*We blessed the children with food, toys, clothes, and shoes, and they were filled with joy. They felt loved and special. We also prepared a cake, which they truly enjoyed. The children asked us to thank the partners for loving them and bringing them so much happiness.*

*They watched a Jesus movie, and many of them chose to receive Jesus as their Lord and Savior. Some who had been Muslim before made this decision as well. Praise God!*

*There are so many wonderful testimonies coming from the widows and single mothers. They were deeply touched to see how we were able to show love to them and their children. They received the Word of the Lord with tears because they felt worthy, loved, and cared for.*

*Thank you, partners, for making them feel so special and happy. You are truly making a difference in their lives!*

*The children have many basic needs, and God always provides for them.*

*Through you, Jesus lovingly reaches them and blesses their lives.*

*This is the testimony of a boy named Muchiga. This was the first time he had ever received a Christmas gift. He has difficulty speaking and has special challenges, but we brought him to school and surrounded him with love and care. He felt very happy and became emotional, even crying, when he received his gift. He also received Jesus in his heart. Thank you, partners, for making such a difference in his life!*
